

# SPIRITUAL AWARENESS FELLOWSHIP

## Practical Spirituality

### Lesson 6 – Saying vs Affirming [The Power of the Spoken Word]

When we say “I AM” followed by a statement, we are invoking the \_\_\_\_\_ of our \_\_\_\_\_ to \_\_\_\_\_ the \_\_\_\_\_, whether \_\_\_\_\_ or \_\_\_\_\_.

OM is the Sanskrit word that means \_\_\_\_\_.

OM is an \_\_\_\_\_ of \_\_\_\_\_ as we center ourselves in that \_\_\_\_\_ of \_\_\_\_\_ to our \_\_\_\_\_ . We are affirming that we are \_\_\_\_\_ and accepting our reason for \_\_\_\_\_ and our responsibility to \_\_\_\_\_.

The frequency of the \_\_\_\_\_ is released when we \_\_\_\_\_ the \_\_\_\_\_. This is the same \_\_\_\_\_ that went forth as the \_\_\_\_\_ of \_\_\_\_\_.

The OM is going forth with the fire of our \_\_\_\_\_ and the I AM THAT IAM is the going forth with the fire of the \_\_\_\_\_.

Dr Masaru Emoto experimented with the effects of \_\_\_\_\_, \_\_\_\_\_, \_\_\_\_\_ and the environment on the \_\_\_\_\_ of water.

# SPIRITUAL AWARENESS FELLOWSHIP

Dr Emoto's experiments showed that positive words resulted in \_\_\_\_\_ and negative words resulted in ugly formations that were not \_\_\_\_\_.

Dr Hans Jenny's experiments involved \_\_\_\_\_ placed on metal plates and showed that the different \_\_\_\_\_ of \_\_\_\_\_ resulted in \_\_\_\_\_, unique to each of the \_\_\_\_\_ he used.

We generate \_\_\_\_\_ using our \_\_\_\_\_ and the \_\_\_\_\_.

Our \_\_\_\_\_ is more \_\_\_\_\_ that we often realize and whether used \_\_\_\_\_ or \_\_\_\_\_, we are \_\_\_\_\_.
