## **DEDICATION:**

*Leader:*

*This ritual is dedicated in deepest love, gratitude and devotion to Arcturus and Victoria, the Elohim of the Seventh Ray, our Hierarchs of the New Age, Saint Germain and Portia, the great sponsors of freedom's flame for next two-thousand year cycle, and all the mighty violet flame masters for your assistance to our earth!*

*Our beloved Saint Germain has implored us to "consider, then, the [importance of the] preservation of the four sacred freedoms, as listed in the First Amendment to the Constitution of the United States of America. [Saint Germain explains that we] have grown up in a nation where freedom has given into your hands that freedom to speak, which is now deprived to millions of inhabitants upon the earth."*

*"I [Saint Germain] tell you, it is hard won! I tell you, there are planets in this and other systems of worlds that have been without that freedom for thousands of years. And now, as the Aquarian age dawns, do you think that those who are the dark ones, those who have conceded the victory, will not come forth to stampede America and to drive out the very flame of liberty, if it were possible?"*

...

*"[Thus] it is time that you became more diligent in your invocations for the defense of the divine economy and the sacred freedoms. It is time that you increased, in the hours of your day, your application. It is time that you decreed as though the entire planet and America and your life and your family depended on whether or not you daily met those commitments of invocation." {Vol. 61 No. 38}*

*Thank you! Thank you! Thank you, blessed Ones! for the magnificent gift of the Violet Transmuting Flame that is able to consume the assaults against the four sacred freedoms and to provide a platform of opportunity to obtain freedom, forgiveness and Cosmic Justice for all!*

**HYMN 238: I LOVE YOU SAINT GERMAIN**

Refrain: I love you, Saint Germain  
I love your violet flame  
And I love your sacred name  
Beloved Saint Germain!

Saint Germain, that magic name  
Brings to all sweet Freedom's flame  
Enables all mankind to claim  
All Light from whence they came.

Saint Germain, thy patience rare  
Holds the earth in heaven's care  
Releases all life everywhere  
In Freedom all may share.

Saint Germain, by love sublime  
Let thy Spirit through all shine  
Make all that's human now divine  
Beloved friend of mine.

**INVOCATION: FREEDOM [ANDREW B.]**

*Leader: After the following invocation, we will in one voice, petition Elohim Arcturus and Victoria to open their Retreat to us... partnering as one consciousness to radiate that Flame across the earth... We will then give the prayer from Saint Germain on freedom, and then sing, The Flame of Freedom Speaks...*

**PRAYER FROM SAINT GERMAIN ON FREEDOM**

Blessed Saint Germain and Portia, in the name of my Mighty I AM Presence; I give you my authority to act in the earth in all matters that require attention in this hour. I give you the full authority of my own causal body and the fervent

heat of my heart, to act on my behalf and save the souls of this planet and to see her through to a golden age of peace and enlightenment as we release the Power of our throat chakras, and speak your Words from September 25, 1977 into the very molecules of our planet:

...

O Infinite Father, who by thy love has guarded the principle of freedom as thou art the living Truth, we invoke thy power and thy majesty this day and age for humanity. We pray that the little childlike mind of the Infant Messiah will be today planted as seeds of fire in the hearts of multitudes of the children of this world.

Guard those sons of God and holy Christ children that shall bring forth beauty and freedom in coming ages. See that those today who are of age who can understand the mysteries of life, are supplied with every inward quality that they need of understanding, of consecration, of love and love's radiation, of the fires of truth, that none of these will be lost or part from the covenant of Asha nor the covenant of purity. See that none of these will go down in darkness or defeat, that all of them will be employed in the service of Archangel Michael and his legions—eternally vigilant to guard the kingdom, eternally vigilant to guard the mind of man from inundation beneath the flood of the vampires of darkness and the dragons of deceit.

Our Father, remove banal images from existence and let all the light of the Christ from the Cave of Symbols come forth this day. And let that light and the symbols in the Cave of Symbols be implanted in the hearts and minds of all who are Keepers of the Flame, [all of the children of the Light]. See that the forms of God blazing there, the divine geometry, and the language of the soul, shall give to them the necessary implements by which they shall successfully defend freedom against all enemies.

We stand here, you stand there. We shall guard here; you shall guard there. But God is above as he is below. And I say to all of you wherever you go, know that you by his grace can keep the flame blazing brightly over the earth and the hearts of men, that in moments, indescribable moments of darkness when hope seems to have fled from the hearts of men, you may replenish that hope by being a sunbeam of Cosmic Christ illumination wherever you are.

Will you accept this charge I, [Saint Germain] give you this day? [?YES!] Will you accept the fires of the Spirit and the mission of the Christ? (?YES!) Then I say to all, so be it done; for it is not by strength of words alone, but by strength of hearts resolved. It is not by strength of thought sone, but by the depth of God-determination which is already embedded within you as his holy will.

The light of God never fails! Will you repeat this with me as I close? [“The light of God never fails, the light of God never fails, the light of God never fails, and the beloved Mighty I AM Presence is that light! And the beloved Mighty I AM Presence is that light!”]

**HYMN 704: THE FLAME OF FREEDOM SPEAKS**

The Flame of Freedom speaks—  
The Flame of Freedom within each heart.  
The Flame Freedom saith unto all:  
Come apart now and be a separate and chosen  
people, elect unto God—men who have chosen their  
election well, who have determined to cast their lot  
in with the immortals. These are they who have set  
their teeth with determination, who have said:

I will never give up  
I will never turn back  
I will never submit  
I will bear the Flame of Freedom unto my Vict'ry  
I will bear this flame in honor  
I will sustain the glory of Life within my nation  
I will sustain the glory of Life within my being  
I will win my ascension  
I will forsake all idols and  
I will forsake the idol of my outer self (hold 2 beats, rest 1)  
I will have the glory of my immaculate divinely  
conceived Self manifesting within me (hold 4 beats, rest 8 )

I AM Freedom and  
I AM determined to be Freedom  
I AM the Flame of Freedom and  
I AM determined to bear it to all  
I AM God's Freedom and He is indeed free

I AM freed by his Power and his Power is supreme  
I AM fulfilling the purposes of God's kingdom      Copyright © The Summit Lighthouse.

**MEDITATIVE PRAYER: Ruth Hawkins' Violet Flame Call [EAMONN w/  
background music]**

Beloved Mighty I AM Presence, beloved Alpha and Omega in the heart of God in our Great Central Sun, beloved Saint Germain and Portia, beloved Archangel Zadkiel and Holy Amethyst, beloved Arcturus and Victoria, beloved Kuan Yin Goddess of Mercy, beloved Mother Mary and beloved Jesus, beloved Great Karmic Board, the entire Spirit of the Great White Brotherhood and the World Mother, elemental life, fire, air, water and earth.

In the name, power and authority of my Holy Christ Self, I demand that there be a great swelling of the Violet transmuting Flame in, through, and around the planetary body.

Double it each hour and fill the interior of the earth and Virgo and Pelleur's kingdom with a powerful, roaring action of the Violet Flame, creating such a pressure that it is forced out in every direction through the substance and structure of the planet.

See that it pours through all caves, caverns and subterranean passages, dissolving all the old records, density and carnal creations. See that it forces out all entities, black magicians, witches, warlocks and demons, and that they are seized, bound, and removed from this planet forever and disposed of according to God's Will!

See that this great blowtorch action of the Violet Flame fills the atmosphere up to 10,000 feet, and that not one atom escapes its purging power. Let the elementals, gnomes and nature spirits be stripped of their density, discord and pollution that has been imposed upon them by mankind through this transmutative action of the Violet Flame. And see that all mankind bathe in this great sea of Violet Fire until their four lower bodies are completely cleansed and purified. See that all purified energy is taken by angels and used for the freedom of the elemental kingdom and all lightbearers. And let all spaces that are vacant after this purging now be filled with an ever-increasing Light until the freedom and ascension of all.

Establish a mighty tidal wave of Violet Fire in the atmosphere of earth and see that it rolls around the planet with ever increasing power, force and action, rolling back and reversing the tide of all that cannot go into the Golden Age. Let it burn through all misqualification of God's pure energy, back through the cause

and core of every spiral of degeneration of the seed of evil in the brains, minds and consciousness of all upon this planet, consuming it forever.

And we thank thee that it is done according to God's Will!

### **HYMN 360: BLEST ARCTURUS AND VICTORIA—Elohim of the Seventh Ray**

Blest Arcturus, we now greet thee  
With eternal love so free  
Thou great Elohim of Creation  
Guardian of our liberty.

We give now in salutation  
Sign of heart and head and hand  
And in silent dedication  
For the Light we take our stand.

Great Arcturus, accept from us  
Our heart's gratitude and praise  
For thy pow'r of invocation  
And thy help—all life to raise.

Blaze thy violet fire triumphant  
Flame of mercy's pow'r divine  
Through all less than God's perfection  
May it all our worlds refine.

Great Arcturus, we now bless thee  
And thine own dear heart flame, too  
Blest Victoria, consecrate us  
As we service pledge anew.

Call we forth God's great forgiveness  
For all not of God-design  
May we now invoke its power  
To complete our plan divine

## **PETITION: OMRI-TAS' VIOLET FLAME DISPENSATIONS**

In the name of the beloved mighty victorious Presence of God, I AM in me, Holy Christ Selves of all mankind, the Four and Twenty Elders, the Fourteen Ascended Masters who govern the destiny of America, Saint Germain and Portia, Lord Zadkiel and Holy Amethyst, Melchizedek and your one hundred thousand priests of the seventh ray, Omri-Tas and the priesthood of the Sacred Fire from the Violet Planet, Blessed Arcturus and Victoria, beloved Guru Ma and Lanello:

We petition the Mighty Elohim of the Seventh Ray, as the hierarchs of your retreat in Luanda, Angola, Africa for the release of the full-gathered momentum of the VIOLET FLAME anchored there. Establish in, through, and around all participating in this Worldwide Flame Transference Ritual the full Power, Glory and Radiation of the violet flame. Enlarge and expand its presence on terra until it produces such heavenly wonder, and such perfection, raising all life evolving here into the realm of Divine Consciousness.

Beloved Arcturus and Victoria, I invoke the reactivation of your gift released on April 11, 1993, that all of us who desire a tour of the Violet Planet can come and see for ourselves what really goes on there. Blessed Elohim of the Seventh Ray, let me board your good ship that leaves for the Violet Planet this night as I retire that I can see firsthand that those things which are projected to manifest on earth are not insurmountable and that they need not manifest in the physical.

I ask to be able to sponsor ten million souls that they have everlasting life and not go through the second death. I ask Omri-Tas, ruler of the Violet Planet, to reactivate and multiply your specific violet-flame dispensations that you have released to uplift the earth:

- 1 VIOLET FLAME SPHERES FROM THE HEART OF THE VIOLET PLANET – released into the atmosphere of the earth at the 1963 Freedom Class in Washington DC.
- 2 VIOLET-FLAME CLEARANCE – released on October 9, 1976, for the clearing of the records of the hatred of the Mother and the selfishness of her children, as well as, of the soul chakra of Terra, of America and of every soul on earth.
- 3 INAUGURATION OF THE AQUARIAN AGE ALPHA CYCLE OF THE VIOLET FLAME – released on December 29, 1976, for the transmutation of millions of years of the misqualification of energy on Terra.

- 4 MULTIPLICATION OF 15 MINUTES OF VIOLET FLAME – released on July 6, 1984, for when we give profound and loving invocations to the violet flame in Omri-Tas’ name, he will take that offering, measure for measure as it is devoted, as it is profound and sincere, by the very weight of its power and light, he will multiply it in our life ten times!
- 5 VIOLET-FLAME RESERVOIR OVER CENTRAL EUROPE – released on February 26, 1988 in Lisbon, Portugal, when a very large violet flame reservoir was positioned over central Europe for us to invoke as a direct transfusion to all lightbearers of Europe, Eastern Europe and the entire (former) Soviet bloc.
- 6 THE UNPRECEDENTED DISPENSATION OF THE VIOLET-FLAME SEA OF LIGHT PLACED IN THE HEART OF THE EARTH – released on May 1, 1991 in Portland, Oregon as a fiery violet-flame vortex, spinning at an unfathomable velocity, and drawing unto itself vast accumulations of planetary effluvia and human karma that mankind and all sentient life have borne for thousands of years.
- 7 THE TREMENDOUS GIFT OF OMRI-TAS TO BE PRESENT ON EARTH ON THE THIRD OF EACH MONTH – released November of 1991, a ‘day’ when oceans of violet flame can descend, giving all mankind an incomparable boost of violet flame.

Lord Maximus, maximize the action of our prayers. It is so! Amen.
