Section 1—CHANT [Spiritual Toning]: OM...

Section 2—DEDICATION/BACKGROUND

Leader:

This ritual is dedicated in deepest love, gratitude and devotion to our Hierarchs of the New Age, Saint Germain, the great sponsor of freedom's flame, and Lady Portia, the sponsor of the flame of justice.

At the time of Atlantis, Saint Germain served in the Order of Lord Zadkiel as a high priest in the Temple of Purification. It is Archangel Zadkiel who invites students to come to the Temple of Purification to learn the true meaning of spiritual freedom. The Temple of Purification is a specific focus of light we can direct our prayers to anchor the actions of mercy, forgiveness, transmutation and justice and to restore the earth and its peoples to the establishment of their divine plan.

The keynote of the retreat is Johann Strauss' Blue Danube Waltz inspired by Saint Germain. We were told by Saint Germain that the Rakoczy March, by Franz Liszt, carries the flame of his heart and the formula of the violet flame. And Portia has also asked that we use the same music to magnetize her presence.

Praise the LORD for the Violet Transmuting Flame as our opportunity to obtain freedom, forgiveness and Cosmic Justice for all!

Let us pray for God-Illumined Vision for this ritual, as we give The Sealing of the TEMPLE invocation with Guru Ma...

Section 4 ∞ THE SEALING OF THE TEMPLE/PRAYER FOR GOD-ILLUMINED VISION [Group Invocation—from The Sacred Ritual]

As we prepare to consecrate our energies in the offering of decrees and songs to the service of the ascended hosts for the blessing of the Lightbearers of the world, we invoke the presence of the angelic hosts of Light, elemental builders of form, and Holy Christ Selves of all earth's evolutions to assist us here in this mighty cosmic service of Light, to join in our invocations, to accept the release of the sacred fire into their heart's chalices, and to gird the planet round with the sustained momentum of Light's victory.

It has been said, "Without vision the people perish." In the name of our own Mighty I AM Presence, we therefore appeal to that magnificent God-being the beloved mighty Elohim Cyclopea to give us the power of God-illumined vision, that we may blend the energies of our united consciousness into one matrix, one grand design, for the protection and sealing of this place of worship in the highest service of the Light and our complete dedication to our own Divine Presence and the Ascended Masters.

Let us now visualize together the walls of this place of worship as three feet thick, composed of white-fire substance the color of the sun when shining upon new-fallen snow, ascending and descending from the heart of beloved Alpha and Omega in the Great Central Sun, from the heart of beloved Helios and Vesta in the sun of our system, and from the heart of beloved Virgo and Pelleur in the sun of even pressure within the center of the earth, forming a threefold action of the mighty tube of Light.

Let us envision now a mighty blue-flame pillar surrounding the tube of Light. See it enfold this entire place of worship and all assembled in a surge of blue-flame protection from the heart of beloved Hercules in a balancing, sustaining action for the entire planet.

Let us envision the radiant spiral violet flame within this tube of Light, whose centripetal and centrifugal action weaves a violet flame carpet beneath our feet as it ascends from the heart of beloved Virgo and Pelleur to connect with the Great Central Sun Magnet.

Let us behold in the center of this place of worship the secret love star, its nine points of dazzling golden-pink light radiating out in all directions scintillating needlelike rays, expanding through the walls of light to bless all mankind. And let us see the Goddess of Purity enthroned high in the upper atmosphere radiating her flame of cosmic purity throughout this forcefield and service.

In conclusion, let us visualize before the altar interlaced crystalline triangles forming the six-pointed star of Mighty Victory, embracing within it the glorious All-Seeing Eye of God whose mighty light ray passes through the head area and aura of each person, transmuting all human concepts, feelings, suggestions and manifestations and all cause, effect, record and memory that is less than the Divine Plan into the Ascended Masters' purity and God-control.

Section 6—PETITION / BINDING OF ANY BACKLASH [Group Invocation to the Hierarchy of The Retreat for spiritual partnership with the Retreat's Brotherhood]

Leader: Let us in one voice, petition Archangel Zadkiel and Holy Amethyst to open their Retreat to us... partnering as one consciousness to radiate that Flame across the earth... Together ...

In the name of the beloved mighty victorious Presence of God, I AM in me, Holy Christ Selves of all mankind, Father Alpha and Cosmic Beings of Great Light who have long embodied Cosmic Justice, the Great Cosmic Councils, the Four and Twenty Elders, the Fourteen Ascended Masters who govern the destiny of America, beloved Lords of Karma, Great Divine Director, Kuan Yin and angels of mercy's flame, Portia and her legions of divine justice, Lord Zadkiel and Holy Amethyst, beloved Melchizedek, priest of the Most High God, Ra Mu and priests of the sacred fire from Lemuria, Omri-Tas and priests and priestesses of the Sacred Fire from the Violet Planet, beloved Lord Lanto and the Lords of Wisdom who keep the flame of God-justice, beloved Guru Ma and Lanello, Godfre,

We! The one body of God on earth, offer ourselves as chalices for the *engrafting** of our beings to the Brotherhood of Zadkiel and the Priesthood of Melchizedek. Blessed Masters, open the floodgates of heaven to cover the earth with oceans of the violet transmuting flame. Let myriads of angels of the violet flame descend and liberate the lightbearers from all injustices, manipulations and the divide and conquer tactics of the fallen ones, endow the rivers, the lakes, the seas, the trees and all that is green with the vibration of God-Justice, to beam that quality and flame of God-Justice into every situation and manifestation on earth.

We! Petition Saint Germain, to hurl! your mighty miracle pouch into the cause and core of every injustice. Let the violet flame burst forth! Let it transmute and consume all that is out of alignment with the will of God. Blaze forth the light, O beloved Saint Germain!

We! Petition Portia and the Lords of Karma for the release of the full-gathered momentum of the Flame of Cosmic Justice from the Temple of Purification into every form of injustice manifesting in the District of Columbia, the US House and Senate, our President, his cabinet, the entire Executive Branch, the Judiciary, our state's capitols, governors, legislators, attorneys general, law enforcement, mayors, district attorneys, city councils and local regulatory agencies.

I call in the fervor of my heart for the justice of beloved Portia to prevail in every heart throughout this earth.
(3x) And in the name of Almighty God, I withdraw all of God's energy from all injustices and I command that the spiral of injustices be arrested now. I ask the Lords of Karma to diligently consider the righting of all wrong, the balancing of God-justice in the lives of all individuals concerned; and I ask that my call be adjusted according to the will of God and that it be implemented according to that will.

In the name I AM THAT I AM, Lord Sanat Kumara, in the name Brahman, take command of terra: Let there be a staying action by the power of the Solar Logoi, preventing by the Right Hand of Almighty God, the attacks and conspiracies of death and hell upon the lightbearers, worlds without end. And hold back the sinister force assailing lightbearers, and the destructivity wrought by all who are of the anti-Light.

In the name of the Christ, I call to beloved Archangel Michael for the encirclement and the binding of the backlash of the dragon's tail and the sting of the scorpion as a result of the release of Light. And I ask that all vacuums and vacancies created by these calls and services be filled instantaneously with the light of our Lord Jesus Christ, with violet flame, with the will of God, Ruby Ray fire, love's indestructible Ray of Purity and the Holy Light of Seraphim. Archangel Uriel consume every erg of misqualified energy being directed against this release of the Flame of God, and the light for which we stand!

Almighty God, we pray that the violet fire of mercy, justice and divine compassion now be known, accepted and used by all mankind, imprisoned angels and elementals! Let them be fired with God-enthusiasm in its use until this "dark star" becomes a planet of light, 'freedom's star', shining in the firmament, a jewel in the crown of Helios and Vesta. Vajra! Let it be done!

Lord Maximus maximize the action of our prayers.

**This is a word that is very important—the engrafting. When there is not the Word or the Flame, the Guru must give you a path and a course where he will graft to your being that portion of his own until your system totally receives it and you have become that portion and extension of The Master. -Vol. 29 No. 22 - Beloved Lord Maitreya*

Leader:

We will now nourish the All-seeing Eye of God, as that Flame of Living Truth within our Third Eye that makes us anchoring points for the energies and the spiral of a new age. And to this end, let us give decree 50.00, Living Truth:

Section 7— DECREE 7.29: GREAT KARMIC BOARD

In the name of Liberty,
Give Divine Direction then,
Mercy to the souls of men;
All-Seeing Eye, let Truth appear
As Nada's Love flows free and clear!

2. O Karmic Board, expand my Light,
By true Justice make me right:
In Mercy's name I call again
For guidance to the souls of men!

3. O Karmic Board, we love thy Truth,
Pallas Athena, assist our youth,
Show all the way of Love made plain

As God's own Liberty lives to reign!

4. O Karmic Board, beloved ones,
Send thy radiance, blazing suns
Flashing Freedom from God above
By Nada's great omnipotent Love!

5. O blessed Truth and Justice dear,
Balance life's flame in Mercy clear;
Open our eyes that all may see
Cyclopea's direction to the free!

6. O thou Great Divine Director,
God's beloved great perfecter,
Let our love for Liberty
Make and keep us ever free!

7. Shining ones of Love and Light,
Justice and Mercy flashing bright,

Love God's Truth for eternity!

Section 8—HYMN 240: LOVE'S OPPORTUNITY—To Portia, the Goddess of Justice

There is a Goddess so precious
Earth's atmosphere she commands
With gifts of opportune action
Holding in her hopeful hands.

Refrain:

Love's Opportunity
Brings all God's gifts to all men
Love's Opportunity's calling
Calling again and again!

She comes in many disguises
Not always blazing her light
Only vibration apprises
What's to be done that is right.

Beware the sins of omission
Often more grievous than wrong
And though the sin be forgiven
Yet the full blessing is gone!

Justice is Love's Opportunity

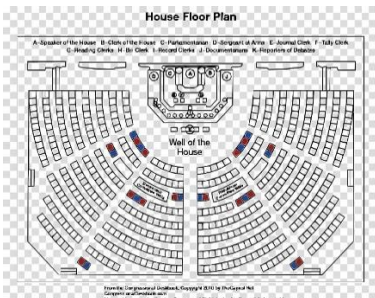

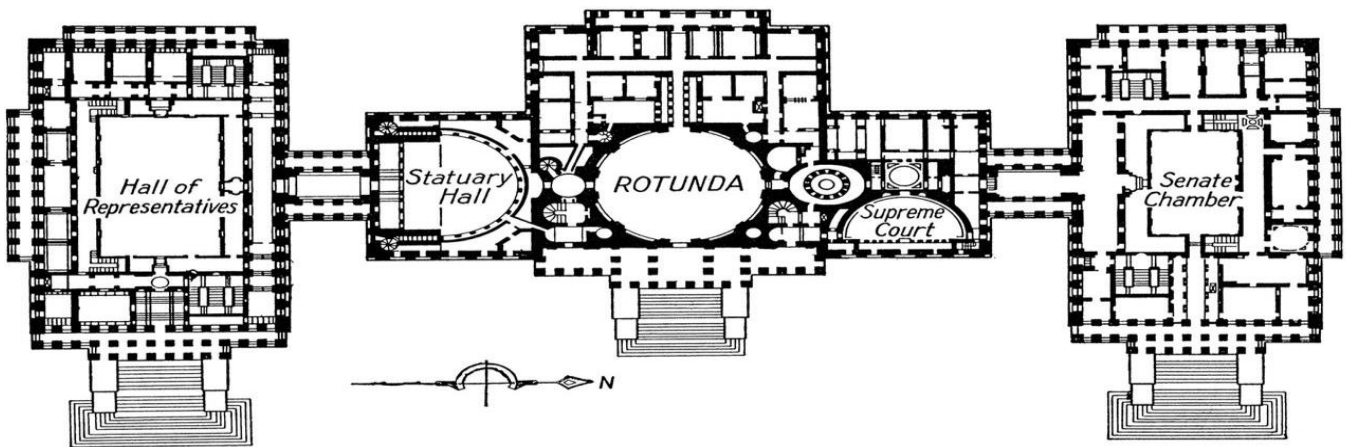

Holding wide God's open door
Take from the hands of this Goddess
Blessings of good held in store.

Section 11—SEALING OF THE ENERGIES [73.00 VIOLET FLAME, FLOOD THE WORLD!]

Leader:

Let us seal the energies... together...

Great Cosmic Light, come forth and blaze here! Angelic hosts, come forth and blaze thy mighty Light rays through these, thy people!

Angels of Saint Germain and El Morya, come forth and blaze the will of God and the power of transmutation, in the holy name of Freedom, through this place and out into the world of form, until everyone upon earth feels a great release of the pressure of that substance known as sin and human discord from their worlds!

Erase, and erase and erase the memory—cause, effect, and power—of these conditions from their beings, and let them enter the new world with a clean slate, wiped clean this night by the power of the Violet Flame!

O Violet Flame! O Violet Flame! O Violet Flame!
In the name of God, in the name of God, in the name of God!
O Violet Flame! O Violet Flame! O Violet Flame!
Flood the world! and *flood* the world! and *flood* the world!
In the I AM name, in the I AM name, in the I AM name!

Peace and Peace and Peace be spread throughout the earth!
May the Orient express Peace,
May the Occident express Peace,
May Peace come from the East and go to the West,
Come from the North and go to the South,
And circle the world around!
May the swaddling garments of the earth
Be in place to magnify the LORD
In this day and hour and this night.
May the world abide in an aura of God Peace!

Section 12—CONCLUDING CHANT:

OM..... [with recording]

INSTRUCTION for Breath-Meditation:

Rhythmic breathing is the centrepiece of our ritual. In the retreats, the ascended Brotherhood transfers the Flame (Light) with mathematical precision. So, to be effective, we need to do our best with our breathing. The box breath consists of an inhale, a breath hold, an exhale, and a hold on the exhale. Box breathing is so named because each part of the breath is of equal length, which gives you a simple breath cadence of 1:1:1:1 and can be visualized like the sides of a box.

This activity consists of four basic steps, as follows:

It is extremely important for all participants to unanimously be in control of the breath--in the deep inbreathing, the holding of the breath, and the steady outbreathing. Do not allow, any jerky or spasmodic motions in connection with the drawing in, sustaining or expelling of the breath. All depends on smooth, fluidic, rhythmic, effortless motion.

If possible, start by placing yourself in a meditative posture, sitting in a comfortable chair before your altar, the physical focus of your worship. Place your feet flat on the floor, your hands cupped in your lap, your head erect, eyes level, chin drawn in for the disciplined flow of the energies of the heart chakra through the throat chakra. Gently close your eyes and settle in. Close your mouth and breathe only through your nostrils. Quiet your mind, and attune to your body. The first 8-12 rounds of this Breathing Mantra exercise the mantra will be recited outloud, after that for the rest the breathing-meditation recite the mantra internally with audio track only.

STEP 1: Inbreathe - draw air in through your nostrils by pushing your abdominal muscles out, expanding the belly first and then your chest, lifting the shoulders a little, and tilting the head back. Try to breathe deeply by pushing out with your abdominal muscles. See the air that you draw in as pure white light. Experience the filling of your chest cavity with Sacred Fire as you meditate on the mantra...

I AM inbreathing [magnetizing] THE FLAME...

STEP 2: Hold - Retain the air. See the white light penetrating your physical form. Feel it fanning the spark of your triune Light within the chest ... bathing every cell of your body as you meditate on the mantra...

I AM absorbing [becoming] THE FLAME...

STEP 3: Exhale - Gradually breathe out, tilting the head forward, lowering the shoulders, contracting the chest while drawing the abdomen inward toward the spine slowly as the air leaves the lungs. During the exhalation, expand the white light around you. Feel the flame expand ... see it igniting the light within your auric field as you meditate on the mantra...

I AM expanding [sanctifying, amplifying] THE FLAME...

STEP 4: Hold - With your head in an erect posture, hold the breath without inbreathing or outbreathing. Consciously project the white light ... directing it by the concentration and focalization of the mind into Washington, DC as you meditate on the mantra...

I AM projecting [radiating, directing] THE FLAME...
