## INVOCATION BY ELIZABETH CLARE PROPHET

### PARTICIPANTS:

[Electronic Presence of Saint Germain]

Beloved Saint Germain and beloved Portia, come now and teach each one his personal sacred formula for self-transformation, for the movement of the mind, the will, the soul, the desire into a higher matrix of perfection ordained by God—and only ordained by Him. Accelerate the pinpoints of light within each one's aura and in the very matrices that govern the aura!

Let there be change—hallowed, God-willed, and accepted by enlightened free will—among this company of lightbearers who keep the flame of the Goddess of Liberty, who hold that torch high that all might rise to that torch and through it discover the mighty Book of the Law—the Book of the Law that is written by the Christ Self of each one for that lifestream.

O Holy Trinosophia, O mighty tome of ancient wisdom, beloved Saint Germain, hierarch of the Aquarian age, I AM calling to you to transfer to the very threefold flame of each Keeper of the Light, now, a portion of yourself, an increment of violet flame for the action of alchemy upon this planetary body that will defy all psychic predictions of destruction, cataclysm, and earthquake, all scientific so-called predictions, and that will inundate this planetary body with the violet flame through the aperture of Selfhood that is laid upon the altar now as the gift of self-mastery unto the people of earth.

O God Our God, O manifest Holy Will through El Morya and through Saint Germain, touch these hearts! Expand the aperture of Selfhood!

Let the violet flame flow! And let there be a joy and a leaping of the self, rising to meet the Great God Self, rising by the sacred alchemy of change into a higher dimension of consciousness on behalf of all life.

O come forth, Lady Portia! Prepare now our souls to receive thy beloved, Saint Germain. In thy name, O God, I AM THAT I AM, let this noble servant now stand with us for the transformation of worlds within and worlds without.

In the name of the entire Spirit of the Great White Brotherhood and the unascended chelas of the ascended masters, I call. And I accept the answer to my call in this hour, O God, by thy love, hallowed as victory in our life. Amen.

[I Invoke Constructive Change]

In the name of the I AM THAT I AM, I invoke constructive change! I command in the name of the Lord—the Lord Christ who is Lord of this temple, the I AM THAT I AM whose Word He is incarnate—the alchemical precipitation of the gifts and graces of the Spirit to *flow*, to endow the blessed son with the qualities of the Christ, therefore making that son in me and in each and every one more capable as a spiritual alchemist and more integrated with a universal plan!

In the name of Almighty God, I invoke the right motive for change within the hearts of these devotees of the sacred fire. O fiery salamanders, purge now the hearts! Purge them now, beloved mighty seraphim! I call for the release of the seraphic science, whereby each one who desires to know enters into the Divine Theosophia.

Let the wisdom of Mother manifest. Let those who would know be in the center of the fiery vortex of the Knower and the known, that true identity may be perceived, may be penetrated, may be precipitated from the soul unto the Christ Self, from the Christ Self unto the soul!

Saint Germain, in thy name I call! I call with great determination and love to your heart for a body of lightbearers to be accelerated for this transition into the golden age which shall surely come, for it is sacred prophecy of your blessed heart and the heart of beloved Portia.

Therefore, in the holy name of God, let the lightbearers be raised up! Let the ‘stones’ be raised up as the true descendants of Abraham. And let the earth accelerate in her coursing and in her cycles until purification does occur on a planetary scale in God’s name, I AM THAT I AM.

[Purity for the Divine Plan: Right Change]

In the name of Jesus Christ, Almighty God, let thy purity manifest here each one’s individual divine plan for right change.

We resist not. We do not forestall the divine plan of action unto Life where I AM—and that I AM is where each chela now breathes the sacred breath of the sacred fire.

## Call to the Fire Breath

I AM, I AM, I AM the Fire Breath of God from the Heart of beloved Alpha and Omega. This day I AM the immaculate concept in expression everywhere I move. Now I AM full of joy, for now I AM the full expression of Divine Love.

My beloved I AM Presence, seal me now within the very heart of the expanding Fire Breath of God. Let its purity, wholeness, and love manifest everywhere I AM today and forever. (3x)

I accept this done right now with full power; I AM this done right now with full power. I AM, I AM, I AM God-Life expressing perfection all ways at all times. This which I call forth for myself I call forth for every man, woman, and child on this planet.

### [The Law of Alchemy for Sacred Change]

Almighty God, I stand before you clothed upon with Light. I am filled of Light—not of myself but by thy grace, O LORD. My sin is consumed—not of myself but by thy grace, O LORD.

And because I stand under the grace of the living God, therefore, in the name of his son Jesus Christ, I invoke the law of alchemy for sacred change in my life. And I know that the Law is infallible and that the love of my own Christ Self will direct, by the accord of my free will, the highest and most perfect change for my life as a servant of God.

### [Consume Veils of Superstition and Idolatry]

Before the altar of the great Master Alchemist Saint Germain we come for the acceleration of our God-mastery of the control of the human aura by the divine aura.

Therefore, we demand the entire layer and pocket of the human consciousness of superstition, based upon the idolatrous human ego, be now consumed by the sacred fire, as the Great Law will allow. Let it be encircled! Let it be bound!

And if it may not be taken according to the Great Law, then let it be sealed in white fire and blue lightning in this hour—sealed in the very subconscious until the hour when the LORD's hosts may remove this island of darkness within the subconscious minds of the entire planetary body.

*Blaze* forth the violet flame! *Burn* through and pierce the veil of superstition! *Burn* through and pierce the veil of idolatry! Beloved Saint Germain, let it be done by the very lobes of the Mind of God. Amen.

## AUM

### [Invoke the Cloud]

In the name of the Mighty I AM Presence, I invoke the cloud. I invoke the cloud of Saint Germain. I invoke the cloud of infinite energy descending from our own God Presence!

O Light that we adore, manifest thyself as the cloud—even the cloud seen by the prophet, no bigger than a man's hand, that approaches to fill the entire sky of our consciousness.

So, from the horizon of great God-free being, all-seeing eye of God within us, reveal unto the soul here and now the vision of the cloud. Let the blind be *healed!* And let them *see* with the inner sight that which is revealed by God as this forcefield of infinite energy.

O God, we accept the vision in the innermost being of the soul. May it come to pass that all faculties of each one may also have the fullness of this experience of the cloud of infinite energy.

### [God Is All]

I am nothing.

God is all.

Therefore, God is where I AM.

Therefore, I AM THAT I AM.

Therefore, I am nothing.

Therefore, God is where I AM.

Therefore, I AM God.

### [Seraphim Reinforce the Creation of the Cloud]

O mighty seraphim of Life, now manifest where I AM! In the name of Serapis, in the name of Serapis Bey, in the name of the Great Seraph—mighty Serapis! mighty one of God!—in the name of Jesus Christ, in the name of Justinius, captain of seraphic bands, I command: holy seraphim, enter this temple of being where I AM.

Stand where I AM. Stand where God is! Reinforce now the creation of the cloud—cloud of flaming sacred fire where I AM.

In the name of the Holy of Holies, in the name of the I AM THAT I AM, lo, I AM the cloud. Lo, I AM the cloud of the Lord God Almighty. And out of the cloud, the voice of God—the holy Word, the manifest Logos where I AM.

Mighty seraphim, I charge you in the name of God's holy will: Charge now every fiber of my being with thyself, with thy holy cloud, and with the true cloud of witnesses of thy holy bands!

Lo, I would stand in the center of the seraphim. And there I AM in the oneness of the will of God, the love of God, and the wisdom of God.

By thy leave and only by thy leave, O God—by thy Holy Spirit, by the Lord Maha Chohan and none other, do I take my leave to manifest the holy cloud.

[Souls Rise to the Secret Chamber of the Heart]

**AUM**

In the name of my beloved Mighty I AM Presence and Holy Christ Self, I address my own soul and solar awareness and I say:

Soul of God, in the name of the Almighty One, I command thee: Rise now by the shaft of Mother light into the secret chamber of the heart, into the white-fire core of being!

Rise, O soul! Resist now every obstacle to this rising. In the name of the I AM THAT I AM, I compel you, by the authority of your own free will, to rise to the very center of the flaming heart of God within you, into the very heart of your threefold flame.

Enter the Holy of Holies. Stand before your altar. Bow now before your own blessed and beloved Redeemer, blest Christ Self, Holy One of Israel.

O LORD GOD, receive this blessed soul!

Soul of Light, bend the knee and confess that he is LORD of thy temple, priest of the sacred fire of the Order of Melchizedek.

Soul of Light, bend the knee in reverence. Bend the knee and confess that this, the sacred Word within you, is the mediator of thy sonship. Confess that He is alchemist, He is scientist, He is the great harmony of God.

O soul of Light, I AM the Mother flame encouraging you now to take dominion. Obey the creative fiat of the LORD: Take dominion over the earth! Take dominion over mind and heart, every fear and doubt that would impede your alchemical experiment.

So, I encourage you. I woo you by the Mother's love to come into contact with this true and holy one of God, as you have never contacted your Christ Self before. Embrace this divine lover of your soul. And surrender! O surrender, my soul, all resistance to the holy will. Amen.
